

Sb99.65 Antimony Ingots

Laos-origin Grade No. 2 antimony ingots. RTV is a Thailand-based trading company and the exclusive sales agent for its partner antimony smelter in Laos.

Minimum order	25 metric tonnes
Delivery point	Laem Chabang bonded warehouse, Thailand
Packaging	Pallets secured with straps
Onward transport	Arranged independently by the buyer after taking delivery

01 Reference composition

GB/T 1599-2014 | Mass fraction (%) | Reference grade Sb99.65

Sb	≥ 99.65
As	≤ 0.100
Fe	≤ 0.030
S	≤ 0.060
Cu	≤ 0.050
Pb	≤ 0.300
Total impurities	≤ 0.35

Reference composition is for purchasing discussions. Confirm the measured results for the identified delivery batch and agree acceptance requirements in the contract. This document is not a batch test report or a certificate of analysis.

02 Packaging, weights and batch documents

Ingot weight, pallet weight, package count, net/gross weights and loading arrangements are confirmed for the order. Photographs and reference specifications do not establish the quantity or quality of a particular delivery batch.

- Factory furnace-release test report bearing the heat number.
- Third-party test report; the buyer may commission the testing.
- Match heat numbers, package identifiers and quantities to the agreed delivery batch. Confirm sampling scope, test items and acceptance requirements before inspection.

03 Purchase and delivery terms

Customer verification	KYC is required. Detailed company documents are requested during the agreed verification process.
Contract & timing	Sign the contract one month in advance. The delivery date is agreed by both parties; this is not a fixed one-month delivery promise.
Payment & handover	Full payment by T/T, with transfer of title within the bonded warehouse. The warehouse completes the actual transfer after full funds have been received.
Collection	The buyer arranges onward transport independently after taking delivery. Collection procedures, loading, documentation responsibilities and applicable charges must be agreed.

04 Settlement and warehouse title transfer

- 01 Buyer verification**
Check goods, supporting documents and procedures, factory report and third-party report.
- 02 Confirm settlement**
Agree settlement quantity, price, applicable charges and total amount payable.
- 03 Register the title transfer**
Both parties register the identified goods, quantity and receiving entity at the warehouse.
- 04 Receive full T/T payment**
Confirm that the full settlement amount has reached the receiving account.
- 05 Warehouse transfers title**
After full receipt of funds, the warehouse executes the actual transfer of title.
- 06 Close the batch transaction**
Reconcile settlement, payment and title-transfer records.

Registration before payment receipt and actual title transfer after full receipt are separate steps.

05 Request a quotation

Company and registration country; quantity of at least 25 tonnes; intended use and impurity requirements; preferred warehouse delivery date; third-party inspection preference; and buyer-arranged onward transport details, if available.
